

2023-2024 Unusual Circumstance

College of Menominee Nation realizes that students and their families may experience unusual circumstances during the academic year 23-24, which may not be reflected on the FAFSA.

- ➤ Federal Financial Aid regulations state that the Institution's decision to perform an Unusual Circumstance on a students and/or parents income must be made on a case by case basis, justified by an individual student's unusual circumstances, and must be documented in the students file.
- > Students requesting an Unusual Circumstance will be expected to provide <u>ALL</u> required documentation. Additional documentation supporting your particular situation may be requested.
- You must complete this form and attach <u>ALL</u> applicable documentation to be considered for an Unusual Circumstance

Submit completed form to the Financial Aid Office and allow at least 1 week for processing time. You will be notified of the decision by email.
